As a General Practitioner, you have the unique opportunity to become part of the nucleus of a brand new evangelical medical center in Angola. Their vision is to provide health care to the people of southwestern Angola, train health team members, and extend a network of rural health posts, preventing illness where possible, preaching in word and deed the Gospel of Jesus Christ in such a way that you give a credible testimony to God. As a G.P., you will develop an active clinical practise at the medical center and visit rural clinics to encourage the team. You will train colleagues, nurses, interns and residents. You will participate on the management team in the Department of Surgery and share in the spiritual ministry of the EMC where enabled by language and gifting.
