

Hospital Biomedical Engineer Technician

Reference number 8410

Continent Asia
Country India
Duration More than 2 years
Career Health and HIV/AIDS
Priority Normal

You can help one of our Indian Christian partners to make a difference in some of the poorest regions in India. Our partner is serving impoverished communities through hospital, community health, and community development ministries.

This > 1 year role involves managing the proper use and maintenance of hospital biomedical equipment. Includes training of hospital personnel in biomedical work. Personal mentoring skills are desirable.

More information will be provided on enquiry.
