

Church Planting Internship

Reference number 7016

Continent South America
Country Paraguay
Duration Between 1 and 2 years
Career Short Term Assignment/Internship
Priority Normal

Several teams of pioneer church planters are working with SIM Paraguay, some in the capital city of Asuncion, another in the interior city of Villarrica, and others in rural settings like Caazapa. These teams need added manpower and, at the same time, are uniquely positioned to give hands-on experience to missionaries-in-training.

The teams are experienced enough to give interns some clear guidance, but new enough to realize that we do not have all the answers. We work together in small teams of mission families and singles who are deeply committed to seeing God glorified in Paraguay. Under the authority and guidance of experienced missionaries and national pastors, interns assigned to church planting teams will have great freedom to develop their ministries according to the way God has gifted and prepared them. Would you consider joining us?
