Pastors' Book Set - Zambia - 94441

Imagine preparing sermons and imparting biblical teaching without any books. Some Zambian pastors find themselves in this situation. They minister without the resources they need to interpret and apply God's Word.

Equipping Zambian Pastors

SIM wants to send book sets to 7,000 Zambian pastors. The cost to a pastor for a package of 40 books is £45; a single book included in the set could cost as much as £25.

This is a matching funds project. To receive a book set, a pastor must pay £45 to cover half of its cost. This partnership, which is available to pastors of all denominations, will equip Zambian church leaders for evangelism and discipleship.

One pastor who was involved in a similar project in Ghana exclaimed, 'Where will I get £45? But I must, because you are giving me over a year's salary in books.' He is one of the 69,270 pastors who have benefited from SIM's book distributions around the world.

A total of 1,160,000 books will be printed at the New Life Literature press in Sri Lanka to provide the books required for this special project.

Each package contains books such as:

The New International Version Study Bible (and Concordance)
• *The Church is Bigger Than You Think*

- *Faith to Faith: Islam and Christianity in Dialogue*
- *Let's Talk! Love. Sex. Death* (AIDS)
- *How To Read The Bible For All It's Worth*
- *The Africa Bible Commentary*

African authors' works are also included in these book sets.

What People Are Saying

'For 16 years I had only a Bible for pastoring a church.' -A Nigerian pastor's description of his academic and spiritual need.

'One of the most significant things that Christians in the West can do to help pastors in the developing world who teach and guide God's people, is to provide them with the books they need to do the job God has given them. Since most pastors are paid £20 to £26 per month, they need our help.' -Jim Mason, International Literature Consultant, SIM

'This is easily one of the finest libraries that has been selected and made available to pastors in Asia, Africa and Latin America. I'm hoping that the project can be reproduced large scale to provide the tools and training for nearly 2,000,000 functional leaders of churches in those parts of the world.' -Dr. Ramesh Richard, Reach International, USA
