

Projects

Welcome to SIM Projects

SIM seeks to minister to human need and to glorify God through Christian compassion. Projects have been launched in order to raise funds to enable many of SIM's ministries to continue. SIM-UK missionaries serving around the world in Africa, Asia and South America are deeply involved in many projects.

Projects are carefully structured and planned. They are co-ordinated internationally and are subjected to international scrutiny. Projects are conducted in partnerships with local churches, government and NGOs.

Our projects currently address the HIV and AIDS pandemic, famine, literacy, disabled children's rehabilitation and many other areas of human need.

When emergencies, such as flood, earthquake and famine, strike in countries where SIM has personnel or partner agencies, SIM is able to deliver donations to where they can be most effective.

You will find each project has its own page, where there are details of the specific ministry. The column on the right invites you to get involved.

Just click on Africa, Asia, South America or Worldwide on the left or below to find out more.

All our projects require ongoing prayer and financial support.
