

South America

SIM works in six of the countries that make up South America.

South America is a vibrant, developing sub-continent with many opportunities for progress. But affluence and poverty live side-by-side. Though most nations were evangelised over 300 years ago there are still vast numbers who have never heard the true gospel. SIM concentrates its work in large urban centres. In partnership with the church it trains and develops leaders while responding to the deprivation that seems to be a by-product of large cities.
