

# Give your kids a special mission!

**H**ere's a fantastic interactive Bible study you can do with your children – or even your grandchildren!

We've teamed up with Teaching and Training (TnT) Ministries, who produce excellent Bible teaching resources for children's ministry, to provide four high-quality lessons about global mission for use in

Sunday schools. There's a taste of the first one below and we'd love you to get involved by helping the young people in your life see the huge importance of global mission.

To start the study just read Genesis 12:1-7 and then Galatians 3:6-9, 14 with your youngster and then work through the questions below. (If you're

struggling for the answers we've put some leaders' notes on our website at [www.sim.co.uk/resources](http://www.sim.co.uk/resources).)

Please do let us know what you think of the study – contact Serving Him by emailing the editor, Tim Allan ([tim@sim.co.uk](mailto:tim@sim.co.uk)).

To find out more about TnT's downloadable resources, you can visit their website at [www.mustard-seeds.net](http://www.mustard-seeds.net) to view sample lessons in a range of languages.
